OFFICE OF THE COMPTROLLER,
MYSORE GOVERNMENT,

Bangalore, dated 16th March 1915

My dear sir,

I beg to forward herewith my journal from December 1914 to March 1915 and venture to hope you will find it satisfactory

A confidential note on the financial situation and ways and means with special reference to my enquiries at Calcutta and Bombay will shortly follow.

Practical action in connection with the result of my industrial inspections and enquiries will be taken in due course through the Industries and Commerce Committee. On some points on which I have received valuable advice and encouragement from high quarters (e.g., the readiness of the Industries and Commerce Department of the Government of India to allow Mysore to correspond direct with

gladly accept whatever Government may consider fair and reasonable as regards travelling allowance and the period of deputation.

Yours sincerely,

all British Consuls and trade representatives abroad) separate communications will be addressed to Government.

You will be pleased to observe from the journal that, as desired by you in your letter from Sagar, I have tried to meet eminent Educationists and gather ideas on the University question. After obtaining and going through the papers regarding our University scheme, I shall record all information and ideas gathered about the points and aspects we are specially concerned with here. Otherwise my remarks may be vague on some points and irrelevant on others.

In my journal I have typed in red the journeys and halts which I consider may be fairly treated as on State duty. If this is approved I shall have my travelling allowance bill prepared accordingly and send it to the General and Revenue Secretary as usual. In that case the period of deputation will also be 28 days instead of ten days. I have economized time as far as possible but I found 10 days quite inadequate.

Considering the volume and nature of work done in Calcutta I think that, in modification of orders already passed, my travelling allowance to Calcutta also may be paid by the State. But this is a small matter and I shall
